

Kirsten Kelley: Hello everyone! Kirsten Kelley, SNAP-Ed Extension Agent for Virginia Cooperative Extension.

Robyn Stout: Has there been online SNAP/EBT support/purchases for non-Walmart stores?

Robyn Stout: non-Amazon stores?

Benjamin Scharadin: Is any data available for the online EBT pilot programs?

Kristen Houska: Yes, these two retailers were the original two but there have now been others.

Robyn Stout: small-scale retailers in Nebraska that have been able to utilize online SNAP/EBT sales (w/no PIN entry in person)?

Kristen Houska: As far as data available for the EBT pilot programs that would be found by contacting Nebraska's DHHS office.

Kristen Houska: With Walmart the pin was provided when they picked-up. Delivery was not an option. With Amazon they require the pin to be entered with the order.
